DEDICATION 1986

We gratefully dedicate the 1986 Town Report to a family who represents the town's 226 years: a rich heritage of simple living and complete devotion to community.

From 1760 through today the family's commitment to Hawke-Danville's present and future passed from son to son. Each a local businessman; blacksmith, farmer, forester, lumbermill operator; to his succeeding generations he passed joy of duty through active participation in town, church and community affairs. Their love of the land and respect for natural resources began with waterpowered mills and continues today in splendid reforested acreage.

We marvel at the family's foresight and proudly acknowledge their generosity: the Meeting House restoration; our library, funded and refunded by two generations; trust funds which yearly contribute monies for varied town use; and unrecorded continuing donations to church and community.

We salute a rare genealogy: Moses, 1731-1777; Enos, 1761-1827; Thomas, 1786-1859; Alden E., 1830-1876; Herbert, 1864-1928; and Lester A., 1860-1947.

We honor with pleasure today's generation, our friends and neighbors:

Alden and Frances Colby

PLANNING BOARD

The trend of the past several years of increased land development and growth in Danville continued in 1986, making it one of the busiest years ever for the Planning Board.

The Board saw an increasing number of applications for subdivision. The applications reviewed in 1986 were considerably more complex than those seen in past years. The Board anticipates that this trend will continue in the future with new issues, which are now being raised, becoming more and more prevalent in the applications being presented. In particular, issues of manufactured housing, multi-family housing and cluster developments are being raised more frequently.

For the first time, the Planning Board worked with a wetlands ordinance and site review regulations. The Board worked closely with the Conservation Commission in reviewing subdivision applications, inspecting proposed sites and in applying the wetlands ordinance. The Board would like to thank the Conservation Commission for its time and energy in assisting us in developing and working with this new wetlands ordinance which is vital to the preservation of the Town wetlands areas as well as acting as an effective control on inappropriate subdivision of undeveloped land.

The Planning Board continued in 1986 to work with the Rockingham Planning Commission on finalizing the last sections of the Master Plan and on addressing issues that were raised by applications for subdivision brought to the Board's attention. The Town has supported the membership in the Rockingham Planning Commission which has been of tremendous help to the Planning Board and the Conservation Commission. The Rockingham Planning Commission is available for use by the Selectmen, Zoning Board of Adjustment, and any other Town body which has questions concerning planning or zoning issues. The Board appreciates the Town's support for our membership in Rockingham Planning Commission and we urge its continuance.

This year, the Planning Board received twelve applications for subdivision. Of that total, nine were approved; one was withdrawn and two are pending. In addition, the Board entertained numerous inquiries from various sources concerning potential subdivisions as well as interpretations of our zoning ordinance.

The Planning Board has proposed for the March 1987 Town Meeting several changes in the zoning ordinance. First and foremost is a proposed change of the commercial area which would increase the commercial zone along Main Street. This proposed change is due, in part, to the need for locating a post office in Town. The Board is firmly of the opinion that a post office would be a commercial use and, accordingly, has made the proposed zoning amendment. Additionally, the Board has, in conjunction with the Conservation Commission, refined the wetlands ordinance to provide for a more even application of the soil type restrictions.

As Chairman, I would like to take this opportunity to thank the members of the Board for their diligent efforts on behalf of the Town and to thank all residents of the Town who have participated in meetings or expressed their views to us concerning issues that we have faced and the subdivision applications we have reviewed.

We encourage residents to attend meetings and express their views. It is only in this fashion that the Board can be informed about problems or issues that arise concerning proposed subdivisions or zoning amendment changes.

FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

1986 POLICE DEPARTMENT REPORT

1986 has been a year of changes for this department with the passing of a Chief and the construction of a new home. In light of these changes I would like to express my appreciation for the support I have received from the public and members of my department while serving as the Interim Chief.

As in past years, the members of this department have furthered their education by attending training classes and seminars, and more often than not, doing so at their own expense.

This year, as in the past, we co-sponsored the annual Bike-A-Thon and held the second annual fishing derby for the youth.

The Town has again grown in population, and in turn so has the law enforcement requirements of the department. Radar and general patrols were increased in 1986, and that coupled with public awareness and cooperation has brought about a change in our statistics from 1985. Although there was about the same amount of traffic citations and warnings issued this year as last, that also seems to be working as we had a drop in motor vehicle accidents of nearly 50%.

As I look forward to 1987, again thank you.

EXETER AREA V.N.A. INC.

The Visiting Nurse Association is a non-profit agency that provides health care for residents of member towns. As noted last year, there continues to be an increase of more acute kinds of home care as the average stay in hospitals is decreased.

This is seen especially with our senior citizen population. Nursing professionals within the agency provide more technical care--what previously was done while the patients remained under hospital care. Competency for this more involved treatment demands continuing education and in some cases special certification. New rolls continue to emerge for which home health agencies are finding themselves responsible as this trend continues.

Foot care, flu clinics, blood pressure clinics and well-child care clinics continue. Their schedules are noted in our local weekly papers. The E. V.N.A. telephone number is 772-2981.

Funding continues to come from Medicare, Medicaid, patient fees, donations, and member town appropriations.

CONSERVATION COMMISSION REPORT

The Danville Conservation Commission consists of up to five members and meets twice each month. During 1986 we concentrated our attention on administration of the new Wetlands Ordinance, review of Dredge and Fill applications, and survey of Town Lands.

The Danville Wetlands Ordinance was approved in March 1986. Following Town approval, the Commission established guidelines for review of building permits in light of the new ordinance. During the year the Commission advised the Selectmen on whether building applications satisfied the spirit of the ordinance. The Commission also worked with the Planning Board on subdivision proposals.

Dredge and Fill Applications were reviewed by the Commission for several reasons. The Wetlands Ordinance must be taken into account. Also, the impact on groundwater must be reviewed. When necessary, the Commission intervened on applications to allow more time for study of the property involved.

During 1986 the Commission also began a survey of Town Lands. The Blue Heron Rookery was investigated first since it is a natural resource special to Danville. Deed research donated by a generous local resident indicates that most of the Rookery is probably located on Town land. This is reassuring since we hope to ensure that the herons remain in Danville undisturbed.

Commission members attended a number of workshops sponsored by Rockingham County and the State. The Commission has become involved in several organizations including the Rockingham County Land Trust and the Exeter River Association. We meet at 7:30 p.m. the first and third Monday of each month and encourage the public to attend.

1986 ANIMAL CONTROL OFFICER'S REPORT

The animal control department had another very busy year. We are having a very big problem with people dropping off kittens, puppies and other animals. If you see anyone leaving animals on the side of the road please get a license number and turn it in to us or the police right away. Don't let these "so called" humans get away with this action. If anyone thinks this is not a problem, let me know and you can go with me the next time I have to pick up a half-starved neglected animal.

If you are looking for a pet or have an animal you don't want, give us a call and we might be able to match you with one or solve your problem.

We are having trouble with dogs running deer and killing small animals and getting into rubbish. I believe the dog owners should be aware that they are responsible for the actions of their dogs.

We were given a warrant by the Board of Selectmen to serve on people with unlicensed dogs after June 1. We served two notices and then served a summons to court on each. Only one had to go to court as all others licensed their dogs. All dogs must be licensed by June 1, or action can and will be taken. This is a law set by the State of New Hampshire.

For your convenience we will have a Rabies Clinic in April for dogs and cats. If they don't need the shots, come anyway and license your dog. Remember--get them licensed before June and avoid paying any fines.

We are looking for any articles pertaining to animals that you might want to donate. Any gifts of dog or cat food would be gratefully appreciated.

Thanks to all for your cooperation, patience and assistance over the past year.

RECREATION COMMISSION 1986

The year 1986 was one of renewal for Danville's Recreation Commission. Three new members joined the commission and worked with the existing Board to schedule a year full of activities to serve the people of Danville.

We started our year in April to plan the Summer Recreation Program. More than 80 children enrolled this year, an increase over any previously recorded year. Our average daily attendance was 50! The attitude of the staff was a positive one, with each child winning at least one award during the summer, and just about everyone had his/her picture in our photo album.

We owe a great deal of the success of this program to our staff, especially our summer director, Wendy Worth. Wendy didn't end her affiliation with Danville when summer was over and she returned to her full-time teaching job, but came back to organize field games during the Firemen's Picnic in September and taught Jazz Dance Classes for boys and girls throughout the fall.

Also on our summer staff were Beth Johnsen, a school teacher from Manchester, and Stacy Whalen

from Danville. Mr. Dee Brown, Danville Baptist Church's Youth Director, volunteered his time for more than half of the program, working with some of the older children, coaching sports and games and supplying a male point of view. Someone from the Recreation Commission was there daily to help out by running errands, doing paperwork, and planning activities and field trips along with the staff. We would also like to acknowledge the Moms and Dads who showed up at various times during the summer to help.

As mentioned above, Danville Recreation also sponsored field games during the Danville Firemen's Picnic in September. Even the rain didn't "dampen" the spirits of the participants. Approximately 25-30 adults and children joined in for a morning of fun.

Our Halloween parties were hugely successful, a joint effort on the part of almost every organization in Danville. We entertained more than 170 children at the early party, with all of the snacks and "Treats" donated; more than 300 people went through our "Haunted House" at Town Hall (in a 2-hour period!); and there were about 40 young people at our dance later in the evening.

Another new event this year was our Christmas Party. A clown came to entertain us and Santa was there to pass out goodies to the more than 60 children in attendance. Christmas songs and cookies and punch rounded out the afternoon.

We are very proud of our accomplishments during 1986 and thank you for your continued support. The numbers that participated show us that Recreation is on the upswing in Danville and in 1987 we hope to bring you more events and activities that will cover a broader group of residents.

COLBY MEMORIAL LIBRARY
382-6733

This year has seen an increase in circulation and the number of patrons, particularly those who study or use reference materials in the building. Over 400 books were added to the collection this year.

We applied for, and having met the criteria, were certified as an Associate Library by the State Library Commission.

Our maintenance costs were very high this year what with a major overhaul of the electrical system, replacement of the water tank, a window and a glass door. Let's face it the building is 14 years old. Nineteen acts of mischievousness and vandalism were cited this year.

We observed National Library Week and Childrens Book Week and sponsored a Summer Reading Program for adults and children.

Librarian, Debbie Meigs represented your library at the NHLA Spring and Fall Conferences, at the monthly Merri-Hill-Rock Cooperative and at several State Library workshops. Assistant, Dottie Wilson received her certificate of completion of the Public Library Techniques Program. Congratulations, Dottie!

Through Inter-Library Loan we continue to borrow and to lend to other libraries around the State. This greatly increases our resources.

We acknowledge with thanks the gifts of books, magazines, time and the lovely 3-shelf wooden rack for juvenile magazines. A big thanks go to the members of the Friends and other volunteers who open the library on Saturday mornings during the school year.

The Friends Group has been active all year and made another cash contribution to the Library Capital Reserve Fund for expansion. Their meetings are held on the first Wednesday of the month at 9:30am.

The library HOURS are: Monday, Tuesday and Thursday 3-8:30 p.m.; Wednesday 9 a.m.-Noon; and Saturday 9:30 a.m.-Noon.

We would like to take this opportunity to thank all who made our new Municipal Complex possible.

The building is not complete as of this printing, but it is being worked on daily by Fire and Police personnel.

Special thanks is in order for those business organizations and private individuals who donated money and/or equipment to the effort. Also to Fire and Police who donated hundreds of hours of labor, thereby saving the taxpayers thousands of dollars.

There will be an open house to be announced at a later date, to which the public will be invited.

CEMETERY TRUSTEES' REPORT FOR 1986

Our problems started soon after Town Meeting. First, two trustees resigned, Debbie Meigs and Marie Schwarten; then the elected sexton did the same.

Two new trustees came on board, Debbie Duhaime and Richard Kimball. Next was a search for a new sexton. Finally, Robert Loud said he would try it out. We had the old mowers serviced, bought a new one, and a weed whacker. Mr. Loud had a problem finding help so Mrs. Loud helped him mow.

With all the rain, he was busy. This fall he had an operation so he didn't clean up the leaves.

We were fortunate in acquiring a large pile of loam from the municipal complex donated by the Selectmen. Three local trucks and a loader were donated to move the pile. Thanks to Mr. Smith, Clyde Goldthwaite and Bruce Caillouette.

This fall Chet Walker had his dozer, backhoe, and a dump truck in the meeting house cemetery for ten hours. Now we have a good foundation to put more fill on for expansion.
